# VALLEY FEVER SEMINAR SERIES

PRESENTS

HERBERT BORO, MD, FACP

*“Valley Fever Basics” Plus an Update from the  
2014 Cocci Study Group Meeting*

Dr. Boro will provide a clinician's overview of Coccidioidomycosis (San Joaquin Valley Fever). He will present information about valley fever's history, endemic area, patterns of the disease, current diagnostic testing, and treatment planning as well as fungal lifecycle and pathogenesis. He will also provide a summary of the most significant abstracts presented at the Cocci Study Group meeting to be held April 5, 2014.

Dr. Boro was raised in Fresno and educated at UC Davis and Memorial University of Newfoundland. He received his medical training at the Kern Medical Center in Bakersfield and UC Irvine. He retired in 2011 from Infectious Disease practice in Fresno after 33 years. Dr. Boro now works as a medical consultant with the Medical Board in Fresno.

Wednesday, April 16th, 2014

1:00pm - 3:00pm

Classroom & Office Building Room 322  
(Willow Conference Room)
